

Student/Parent Portal

Creating Connections Between Home and School

PowerSchool Parent Portal is a powerful, easy-to-use, secure communication tool connecting teachers, parents and students. Using Pearson's PowerSchool student information system, the Parent Portal allows collaboration to improve student achievement. Online access to grades, attendance and assignments makes it easier for parents, teachers and students to accurately monitor, identify and accelerate student progress.

PowerSchool Parent Portal will allow parents/guardians with more than one child to access all of their children at one time with one login and password. This will also allow both parents/guardians to have separate accounts for their child(ren). Students will log in using their HCPS username and password.
